What working with me looks like

I am enthusiastic and always full of ideas. I work very collaboratively with you and your business.

We have a monthly catch-up meeting where we chat about how everything is going, and what our plans are for the month ahead.

Working flexibly means I am always on emails and Whatsapp to reply to your messages.

I work at least 2 weeks - 1 month ahead with scheduled work so it gives you plenty of time to see and review my work before it gets published.

CLIENT REVIEWS

Working with Rhian has been great. She is just what I needed to help me continue to run my business while I look after my newborn baby. She has taken on email management, supplier sourcing, venue finding, creating wedding websites and help with marketing. She is great at creating very thoughtful Instagram captions and detailed presentation docs for clients. She is such a friendly person and a joy to have as part of my team.

Working with Rhian has helped me and my business immensely. Her dedication and creativity have truly transformed my online presence. Rhian excels in content creation, especially in writing engaging blogs that resonate with my couples. Her ability to capture behind-the-scenes moments and turn them into amazing reels and social media content is truly remarkable, way better than I could have ever done myself! I wholeheartedly recommend her services to anyone seeking a skilled virtual assistant. Her passion for her work shines through in every task she undertakes. I am incredibly grateful for her contributions to my business.

Rhian entered my world amidst the chaos of having a baby and I can safely say that I have never looked back. She has kept me on top of tasks whilst also giving me the flexibility to spend time with my baby in the comfort that things are still getting done. Rhian looks after all of my social media, amongst other things, it is such a weight off my shoulders as I am terrible at it! I would highly recommend her to anyone (and frequently do) who needs support with their business.
